

# **Welcome to the Long Valley 3rd Annual Science Fair**

## **Sponsored by the Long Valley Junior Women's Club**

We just want to go over a few things to make this a great science fair.

The fair is for 4<sup>th</sup> and 5<sup>th</sup> grade students only.

Before you register, you need to:

1. Figure out a project. Remember to do something you are interested in and keep it simple.
2. Go over the Safety Rules ([www.lvjuniors.org](http://www.lvjuniors.org)). There are also some links and ideas listed to help get you started.

Once you have figured out your project:

1. Fill out registration form ([www.lvjuniors.org](http://www.lvjuniors.org)).
2. Make sure your parents fill out their section.
3. Return the forms to your homeroom teacher.

### **Registration is January 2nd to January 20, 2012.**

No forms will be accepted before or after registration period.

If you have a partner for the project, they will need to hand in a signed registration form and project description also.

Your project will be reviewed by the committee and you will hear from us via email. All communication and information will be done through email.

Any questions you may have about the science fair can be directed to [lvsciencefair@yahoo.com](mailto:lvsciencefair@yahoo.com).

Good Luck!

The Science Fair Committee  
And  
The Long Valley Junior Women's Club
